Description

Ukládanie nahravky (neviem presne ktora fce to robi) nie je dobre definovana cesta, kam sa ma ulozit (ja ju mam nazvanu handles.dir.WawDataPath, ty si tam asi urcil "current folder" resp ziadnu adresu nezadal, je dobre ju ukladat rovnako ako res...

History

#1 - 11 November 2010 15:41 - Tomáš Kulhánek

funkce rdprecored.m vola nahravani s prvnim parametrem adresare: '.'StartResume('.',obj.ID_Name);

Oprava: nahradit tecku promennou, kde je cesta k souboru

#2 - 11 November 2010 17:07 - Marek Frič

tak tu cestu som oravil, musel som dat do rdprecored(obj,path) vlozit druhu premennu path, pretoze obj, nema ziadnu info o path
